

SWEDISH QUALITY AT AFFORDABLE PRICES

Our grapples are designed and produced in Sweden, and made by Swedish steel. XL Grapple is available in a total of eight variants: four standard grapples and four energy wood grapples.

XL GRAPPLE STANDARD

XL Grapple Standard is our log grapple, available in sizes suitable for both thinning and clear cutting. The grapple provides you with control over log handling and is designed in a way that ensures smooth timber rolling. This also minimizes the risk of the grapple digging into the ground and bringing along soil, peat, and other debris.

XL Grapple Standard is available in sizes 025, 028, 035 and 040.

XL GRAPPLE ENERGY

XL Grapple Energy is our energy wood grapple, designed for efficient handling of brushwood and other biomaterial. The open, bladeless claws provide you with a strong grip on the material while allowing it to easily release from the grapple without getting stuck when you open it.

XL Grapple Energy is available in sizes 025, 028, 035 and 040.

Find the grapple best suited for your needs - order today!

XL Grapple will be available in two models; Standard and Energy.
XL Grapple Standard 028 will be ready for delivery during the autumn of 2023, and the remaining models will continue to be released throughout the autumn of 2023 and the beginning of 2024.

Technical specifications				
Model	025*	028	035*	040*
Length, closed grapple	800 mm	833 mm	890 mm	975 mm
Width, outer grapple	394 mm	394 mm	415 mm	415 mm
Height, closed grapple	534 mm	524 mm	561 mm	605 mm
Height, open grapple	790 mm	734 mm	700 mm	730 mm
Max. grip width	1390 mm	1497 mm	1690 mm	2000 mm
Min. grapple diameter	100 mm	100 mm	115 mm	135 mm
Max. width	452 mm	452 mm	497 mm	497 mm
Point force, tip to tip	17 kN	16,7 kN	16,1 kN	16,2 kN
Max. working pressure	23 MPa	23 MPa	23 MPa	23 MPa
Opening time at 70 l/min	0,9 s	1,0 s	1,1 s	1,2 s
Closing time at 70 l/min	1,4 s	1,5 s	1,6 s	1,7 s
Max. load	3500 kg	3500 kg	5000 kg	5000 kg

* The model is under development. There may be small changes made to the specifications.
